

## HEALTH, SAFETY, ENVIRONMENTAL AND QUALITY (HSEQ) POLICY

---

BC Petrochemical Sdn. Bhd. continually strives to improve Health, Safety, Environmental and Quality practices with the objective of achieving a healthy work environment, preventing any accidents and occupational illnesses so far as reasonably practical. With the mission of providing HSEQ, a safe and healthy workplace environment for employees, the company is committed to:

- Complying with all applicable Health, Safety, Environment and Quality legislation and other OSHE requirements.
- Ensuring all accidents, work related illnesses and diseases or near misses are reported while corrective measures are taken to prevent recurrence.
- Protecting the health and safety of our people at all times under all circumstances.
- Minimizing our impact on the environment through pollution i.e., the prevention and control of emissions, the efficient use of natural resources and the reduction and recycling waste.
- Encouraging constant quality awareness among employees through education, information, instruction and training.
- The application of the 5S System and practices, Safe Working Culture at the work place.
- To monitor, evaluate and continually improve our HSEQ performance through the definition of operational standards, training assessment and audits.
